SUMMARY

Computer Science and Engineering student at RajaRajeswari College of Engineering with proficiency in Python and C/C++. Passionate about Artificial Intelligence, Machine Learning, and Web Development, with strong problem-solving skills and an interest in emerging technologies. Seeking internship opportunities to gain industry experience and contribute to innovative projects.

PROJECTS

SentimentScope – AI Sentiment Analyzer 2026

Developed an AI-powered sentiment analysis application that classifies text into Positive, Negative, and Neutral sentiments. Implemented text preprocessing, sentiment prediction, and result visualization using Python with interactive ui.

Project Pilot AI 2026

Engineered a full-stack AI platform that helps students identify skill gaps, discover high-impact projects, and generate structured development plans aligned with career goals.

EDUCATION

2024 – 2028 **Bachelor of Engineering in Computer Science and Engineering** CGPA: 9.8/10.0
RajaRajeswari College of Engineering (RRCE)
(currently persuing)

CERTIFICATIONS

- Claude Code in Action Certification – Anthropic

ACHIEVEMENTS & EXTRACURRICULAR ACTIVITIES

- Participated in the Luminous Hackathon at RNSIT and collaborated on innovative technology solutions.
- Participated in the Trigger Hackathon at RRCE, gaining practical experience in software development and teamwork.
- Participated in a Reverse Coding Contest, demonstrating strong analytical and programming skills.
- Built AI-focused projects including SentimentScope and Project Pilot AI.

TECHNICAL SKILLS

Programming Languages	Python, C, C++
Tools	Git, GitHub, VS Code, Antigravity
Core Concepts	Data Structures, Object-Oriented Programming, Problem Solving
Areas of Interest	Artificial Intelligence, Machine Learning, Software Development, Web Development
Soft Skills	Teamwork, Communication, Leadership, Critical Thinking
